# Summer Vacation Homework

Class - V

Subject: Mathematics

In a marriage ceremony, expenses generally run into five or six figure numbers. Collect the data about one such marriage and present a report of total expenses.

For example:

Food expenses	: ₹2,15,000
Decoration expenses	: ₹1,65,000
Gift expenses	: ₹1,25,000 etc.
Total expenses	: ₹_____

S

Find similar such situations involving big numbers (populations of cities, production in a factory, etc.) and prepare a report about them.
